

# NOTICETO Williamson COUNTY TAXPAYERS: ASSESSED VALUES FOR 2021

**Valuation date (35 ILCS 200/9-95): January 1, 2021**

**Required level of assessment (35 ILCS 200/9-145): 33.33%**

**Median level of assessments for the County: 30.47%**

**Valuation based on sales from (35 ILCS 200/1-155): 2018, 2019, 2020**

Publication is hereby made for equalized assessed valuations for real property in this County in accordance with 35 ILCS 200/12-10. As required by 35 ILCS 200/9-210 and 35 ILCS 200/10-115, the following equalization factors have been applied to bring the assessments to the statutorily required three year median level of 33.33%:

*An equalization factor of 1.0584 has been applied to all values except those not subject to equalization due to assessment under the provisions of 35 ILCS 200 Sections 10-110 through 10-140 (farm land and buildings), 10-155 (Open Space Land), 10-170 through 10-200 (Coal) and 10-725 (Commercial Solar).*

Pursuant to 35 ILCS 200/10-115, the Farm Land assessments for the 2021 assessment year will increase by 10% of the preceding year's median cropped soil productivity index as certified by the Illinois Department of Revenue with data provided by the Farmland Assessment Technical Advisory Board resulting in a \$35.21 per acre increase for each soil productivity index.

Property in this County, other than farmland and coal, is to be assessed at a 33.33% median level of assessment, based on the fair cash value of the property. You may check the accuracy of your assessment by dividing your assessment by the median level of assessment. The resulting value should equal the estimated fair cash value of your property. If the resulting value is greater than the estimated fair cash value of your property, you may be over-assessed. If the resulting value is less than the fair cash value of your property, you may be under-assessed. You may appeal your assessment to the Board of Review.

If you believe your property's fair cash value is incorrect or that the equalized assessed valuation is not uniform with other comparable properties in the same neighborhood, the following steps should be taken:

1. Contact your CCAO or Supervisor of Assessment's office to review the assessment.
2. If not satisfied with the assessor review, taxpayers may file a complaint with the Williamson County Board of Review. For complaint forms, instructions, and the Rules and Procedures of the Board of Review, call (618) 997-1301 x 1181 or visit <https://williamsoncountyil.gov/supervisor-of-assessments/> for more information.
3. The final filing deadline is 30 days from this publication date. After this date, the Board of Review is prohibited by law (35 ILCS 200/16-55) from accepting assessment complaints for properties in this assessment year. For more information on complaint deadlines, call (618) 997-1301 x 1181 or visit <https://williamsoncountyil.gov/supervisor-of-assessments/>.

Your property tax bill will be calculated as follows:

Final Equalized Assessed Value – Exemptions = Taxable Assessment (Taxable Assessment X Tax Rate) = Total Tax Bill

Questions about these valuations should be directed to:

**Alex Simpson, C.I.A.O.**

**Marion, IL 62959**  
**(618)998-2189 [asimpson@williamsoncountyil.gov](mailto:asimpson@williamsoncountyil.gov)**

All equalized assessed valuations are subject to further equalization and revision by the Williamson County Board of Review as well as equalization by the Illinois Department of Revenue.

A complete list of assessments for this County for the current assessment year, except for those assessments that were changed solely by equalization as noted above and available homestead exemptions follow:

### Natural Disaster Homestead Exemption

The Natural Disaster Homestead Exemption is an exemption on homestead property for a rebuilt residential structure following a **natural disaster** occurring in the taxable year 2012 or any taxable year thereafter. The amount of the exemption is the reduction in equalized assessed value (EAV) of the residence in the first taxable year for which the taxpayer applies for an exemption minus the equalized assessed value of the residence for the taxable year prior to the taxable year in which the natural disaster occurred. The exemption continues at the same amount until the taxable year in which the property is sold or transferred.

**Natural disaster means an occurrence of widespread or severe damage** or loss of property resulting from any **catastrophic cause** including but not limited to fire, flood, earthquake, wind, storm, or extended period of severe inclement weather. In the case of a residential structure affected by flooding, the structure shall not be eligible for an exemption unless it is located within a local jurisdiction which is participating in the National Flood Insurance Program. A proclamation of disaster by the President of the United States or the Governor of the State of Illinois is not a prerequisite to the classification of an occurrence as a natural disaster.

To be eligible for this exemption,

- You must own or have a legal or equitable interest in the property on which a single-family residence is occupied as your principal residence with ID (state, county) to show proof of principal residence during the assessment year;
- You must be liable for payment of the real estate taxes;
- The residential structure must be rebuilt within 2 years after the date of the natural disaster, and
- The square footage of the rebuilt residential structure may not be more than 110 percent of the square footage of the original residential structure as it existed immediately prior to the natural disaster.

Beginning January 1, 1987, the assessed value of any tract or lot of real property, upon which construction of a single family dwelling to which this Section is applicable has been initiated or completed after December 29, 1986, while such dwelling is not occupied as a dwelling but is used as a display or demonstration model home for prospective buyers or such dwelling or of similar homes to be built on other tracts or lots, shall be the same as the assessed value of such tract or lot prior to construction of such dwelling and prior to any change in the zoning classification of such tract or lot prior to construction of such dwelling. The application of the Section shall not be affected if the display or demonstration model home contains home furnishings, appliances, offices, and office equipment to further sale activities. The Section shall not be applicable if the dwelling is situated is sold or leased for use other than as a display or demonstration model home. No tract or lot of real property shall be eligible for calculation of its assessed value pursuant to this Section for more than a 10-year period. If the valuation allowed pursuant to this Section becomes inapplicable, the owner shall within 60 days' file with the county assessor, or supervisor of assessments, as the case may be, a certificate giving notice of such inapplicability within 60 days thereafter.

Under this Act, no corporation, individual, sole proprietor or partnership may have more than a total of 3 model homes at the same time within a 3-mile radius subject to the assessment provisions of this Section. The center point of each radius shall be the display or demonstration model that has been used as such for the longest period of time. The person liable for taxes on property eligible for assessment as provided in the Section shall file a **verified application** with the supervisor of assessment or county assessor, as the case may be, **on or before December 31 of each assessment year for which that assessment is desired. Failure to make a timely filing in any assessment year constitutes a waiver** of the right to claim the benefit of this Section for that assessment year according to Section 10-25 of the Property Tax Code (35 ILCS 200/10 25(2002)).
